Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming
        , Database Management System .
Manual Testing:

SOFT SKILL:

Adaptability: Easily get adapted with situation. For my improvement in knowledge, I have to join a course and I had to managed everything at new lace in earlier time.

Work Under pressure: I have enrolled for another course other than college activities so and there is coincidence that I had to manage both class and college activities at a time.
